### Sandwich Platter/Boxed Lunch Order Form

*Ordinary platters give you a little bite of a sub sandwich - barely enough to even taste let alone satisfy a lunchtime hunger. Our platters let you build your own full size sandwich on one of our scratch-made, fresh baked rolls or bread and your choice of any of our fantastic meats and cheeses. Our Boxed Lunches can be customized for each person, and include a side and dessert. So when you need a meal instead of a snack - just call either location! (48 hr. advance notice required)*
